Explanation and Summary: Governor Youngkin convened a special session of the 2023 General Assembly on September 6, 2023. The 2023 Special Session I General Assembly adopted a budget (HB 6001/SB 6001) that amends fiscal year (FY) 2024 Direct Aid distributions to school divisions compared to the Chapter 769 budget adopted at the 2023 regular session in February. These amendments include, among other items, an additional two percent compensation supplement effective January 1, 2024, an increase in funded SOQ support positions, and flexible per pupil funding to be prioritized by school divisions for student learning loss, literacy, and attendance recovery.

Warren County Public schools will receive \$2,550,988 additional funding from the newly adopted budget. The additional funding is broken down into three categories. The two percent compensation supplement funding totals \$282,112 with additional revenue due to an increase in funded SOQ support positions amounting to \$555,450 and All In Per Pupil Funding totalling \$1,713,426. It is proposed that \$1,436,479 of the additional All In Per Pupil funding be carried over to FY2025 to retain Student Support Coaches for another year. The remainder of the additional All In Per Pupil Funding (\$276,947) will be used in FY2024 to purchase materials to support the goals of the Virginia Literacy Act (VLA).

The \$282,112 two percent compensation funding along with \$166,380 of the increase in funded SOQ support positions funding will be used to provide the additional two percent increase.

The remainder of the increase in funded SOQ support positions, \$389,070, will be used to create the following positions:

- One Maintenance Supervisor position that was on hold
- Two Elementary Art Teachers
- Two Special Education Teachers (approved at the October 4, 2023 meeting)
